

BUILDING LINKS - VET in Schools

Certificate II in Construction Pathways

CPC20220

RTO 40053

Course Overview

Our Building Links program is designed specifically for VET in Schools and tailored to provide students hands on experience in renovating and remodelling existing homes provided in partnership with Housing SA.

The program supports the skill development and knowledge growth of students, whilst preparing them with employability skills and work requirements, expectation and pathways. Working closely with schools, our program equips students with the foundations for a rewarding career in the Building and Construction industry.

Our program contributes to 40 Stage 1 SACE credits

Cost

\$220 school contribution

This course is subsidised by the Government of South Australia.

Participant eligibility criteria apply, www.skills.sa.gov.au for participant eligibility criteria.

Delivery

- Face-to-face 1 day per week, 8:30am – 3:00pm for the full school year
- Day of the week will be discussed and confirmed on enrolment

Course Content

This course combines structured workplace training on an actual live construction site, practical work sessions and theory-based learning. Our students develop skills and knowledge including:

- General use of construction tools and equipment
- Undertaking basic demolition work
- Work Health and Safety requirements for working in the Building and Construction industry
- Undertaking construction projects and works
- Application of painting techniques for finishing and remodelling

Career Pathways

On successful completion of assessment requirements, the learner will be issued with a Full Certificate, **CPC20220 Certificate II in Construction Pathways.**

SYC is a not-for-profit employment, training and youth services provider. We have worked for over 60 years to help Australians lead independent lives. As a Registered Training Organisation (RTO) we provide a range of courses aimed at helping you increase your skills and prepare for meaningful employment.
