

Course Overview

This qualification provides a pathway to the primary trades in the construction industry with the exception of plumbing. Trade outcomes are predominantly achieved through an Australian Apprenticeship and this qualification allows for inclusion of skills suited for entry to off-site occupations, such as joinery as well as carpentry, bricklaying and other occupations in general construction. This qualification is designed to introduce learners to the recognised trade callings in the construction industry and provide meaningful credit in a construction industry Australian Apprenticeship.

Course Content

The qualification has core unit of competency requirements that are required in most Certificate III qualifications.

This course combines distance learning and practical assessments on an actual live construction site. Our students develop skills and knowledge including:

- General use of construction tools and equipment
- Undertaking basic demolition work
- Work Health and Safety requirements for working in the Building and Construction industry
- Undertaking construction projects and works
- Application of painting techniques for finishing and remodelling

Cost

\$250.00 participant contribution

This course is Supported by the Government of South Australia. Participant Eligibility Criteria apply, visit www.skills.sa.gov.au for Participant Eligibility Criteria.

Delivery

- 6 months minimum
- Distant Learning combined with on site practical assessment components on a live construction site

Pathways

On successful completion of assessment requirements, the learner will be issued with a Certificate in **CPC20220 Certificate II in Construction Pathways**.

Participants who have completed this course could enrol in CPC20220 Certificate II in Construction Pathways, or Certificate III level qualification within the Construction Training Package <https://training.gov.au/Training/Details/CPC>

Units of Competency Code & Title

CPCCOM1012	Work effectively and sustainably in the construction industry	Core
CPCCOM1013	Plan and organise work	Core
CPCCOM1015	Carry out measurements and calculations	Core
CPCCVE1011	Undertake a basic construction project	Core
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction Industry	Core
CPCCCM2004	Handle construction materials	Elective
CPCCCM2005	Use construction tools and equipment	Elective
CPCCPD2012	Use painting and decorating tools and equipment	Elective
CPCCPD3022	Apply paint by brush and roller	Elective
CPCCCM2009	Carry out basic demolition	Elective

The above units of competencies have been packaged based on the recommendation of industry experts through consultation and engagement practices. Variations to elective units can be discussed with your trainer/assessor upon enrolment.

Entry Requirements/Pre-requisites

- Must complete an Upfront Assessment of Needs (UAN)
- Must be 15 years of age or older
- Students will need to provide their own steel capped boots prior to commencement of practical assessment. High visibility tops and general PPE will be provided
- All learners must provide their USI upon enrolment
- **Learners must have already obtained and be able to provide a Statement of Attainment: CPCCWHS1001 Prepare to work safely in the construction industry (White Card).** This can be obtained through SYC Learning prior to course commencement
- All participants of the course must provide 100 points of identification with at least 1 form of photo identification
